π

Pi is a name given to the ratio of the circumference of a circle to the diameter. That means, for any circle, you can divide the circumference (the distance around the circle) by the diameter and always get exactly the same number. It doesn't matter how big or small the circle is, Pi remains the same. Pi is often written using the symbol π and is pronounced "pie", just like the dessert.

Founded in 2003, LEAF is a non-profit, non-partisan, tax-exempt organization. LEAF solicits donations from individuals, businesses, foundations, and organizations. LEAF disburses grants to Ledyard Public Schools and teachers for targeted programs that promote excellence and enhance student achievement. LEAF grants encourage creativity and innovation. LEAF distributed over \$250,000 in grants since 2003.

Co-sponsored by LEAF and the
Gales Ferry District
All proceeds go to **LEAF**

If you would like to donate a pie, it would be very much appreciated. Please let us know what you will be contributing by sending a note to marge@i5teachingnetwork.com
