Ledyard, CT 06339

Dear Ms. Leandri and fellow LEAF Committee Members and Trustees:

On behalf of Juliet W. Long School (JWL) staff and students we thank you for your recent grant approval. Because of your generosity we are now equip with 5 Promethean Boards at JWL. As you can see from the enclosed cards and photographs the students are extremely grateful and appreciative of the new technological opportunities.

Each of our 4 grade levels now has at least one board to explore lesson opportunities. The teachers plan to share their learning with their team members so that all our students can benefit from the added technology. We are excited about the enrichment and look forward to keeping you updated on our progress.

Sincerely yours,

Anne Hogsten, Principal

Pam Austen, Assistant Principal
